

LANGKAWI TRAVEL BUBBLE

ELIGIBLE

- ❖ Fully vaccinated travellers , except those in EMCO (PKPD) areas.
 - 14 days after the second dose of Pfizer, Astrazeneca, or Sinovac
 - 28 days after one dose of Johnson & Johnson or Cansino
- ❖ Dependents/children under 18 years, who have not received their vaccination must be accompanied by parents/guardians to enter Langkawi.

HOW TO GET THERE

- Travel via flight - Permission letter is not required.
- Travel by land - Travellers will have to book their transportation via a tour agency.
- Ferries will be operating at limited frequencies from Kuala Kedah and Kuala Perlis.

TAKE NOTE

- Travellers will be required to show their COVID-19 vaccine e-certificate whenever requested by authorities.
- Travellers are required to keep the receipts of booking confirmations (e.g: receipts of hotel, flight, or travel package booking) as proof that they are visiting Langkawi for leisure purposes.
- Mask up all the time and adhere SOPs strictly.

COVID-19 TEST (RT-PCR or RTK-Antigen)

Compulsory for all the tourists aged 7 years old and above to undergo COVID-19 test (**RT-PCR or RTK-Antigen**) prior to departure.

- The RT PCR or RTK Antigen tests can be done at any health facility or private laboratory within 48 hours prior to departure. Bring along your test results and present them when requested at the airport or ferry terminal.
- Purchase your own saliva self-testing kit and bring it along OR purchase at screening area. Conduct the test yourself at designated screening area at the airport or ferry terminal.
